

## Installation Instructions for CADfix 6.0 Service Pack 1.0

---

---

1) Check you have all the files needed for this installation.

You should have 2 files:

    README.txt        (this file)  
    cf6sp1\_nt.sp    (service pack file, name of file depends on platform,  
                    this is the Windows version)

2) Make sure you have the necessary permissions to modify  
the CADfix installation (the installation process will check this).

3) Make sure that CADfix is not currently being used.

4) Start CADfix.

Select the Help menu and choose the "CADfix Administration..." option.  
Use the Administration tool to install the service pack file.

5) Exit CADfix and restart to complete the installation process.
