

=====  
Installation Instructions for CADfix 7.0 Service Pack 1 on Windows  
=====

- 1) Check you have all the files needed for this installation.  
You should have 2 files:  
  
    README.txt        (this file)  
    cf7sp1\_nt.sp     (service pack file, name of file depends on platform,  
                      this is the Windows version)
- 2) Make sure you have the necessary permissions to modify  
the CADfix installation (the installation process will check this).
- 3) Make sure that CADfix is not currently being used.
- 4) Start CADfix.  
Select the Help menu and choose the "CADfix Administration..." option.  
Use the Administration tool to install the service pack file.
- 5) Exit CADfix and restart to complete the installation process.

=====  
Installation Instructions for CADfix 7.0 Service Pack 1.0 on Unix  
=====

- 1) Check you have all the files needed for this installation.  
You should have 2 files:  
  
    README.txt        (this file)  
    fix\_0000.tcl     (small patch, see step 3a)  
    cf7sp1\_sol.sp    (service pack file, name of file depends on platform,  
                      this is the Solaris version)
- 2) Make sure you have the necessary permissions to modify  
the CADfix installation (the installation process will check this).
- 3) Make sure that CADfix is not currently being used.
- 3a) Install the patch.  
Copy patch file "fix\_0000.tcl" into the /tcl/patches directory of the  
CADfix installation.  
You must do this BEFORE starting CADfix.
- 4) Start CADfix.  
Select the Help menu and choose the "CADfix Administration..." option.  
Use the Administration tool to install the service pack file.
- 5) Exit CADfix and restart to complete the installation process.
